Move that the funding for DP 96105 in the Rail, Transit, and Planning Division of the Department of Transportation be switched to the trans aid state special revenue fund from the oil and gas privilege state special revenue fund.

- END -

Explanation - This amendment is for the Rail, Transit, and Planning Division of the Department of Transportation. The House Appropriations Committee restored a 5% reduction plan item for transportation assistance for seniors and disabled individuals, but in the motion stated the oil and gas privilege account as the funding source. Statute does not allow this fund to be used for this purpose. The trans aid account is established for this purpose and has sufficient balance to fund the \$27,000 biennium cost of this action.
